

PAW PAW'S ALLEGED UXORCIDE ON TRIAL TODAY

FORD'S CLAIMS TO SENATORSHIP ARE UNFOUNDED

**Senate Committee
Says Charges Are
Not Proven.**

By Associated Press Leased Wire
Washington, D. C., Sept. 29.—Opinions conflicting along party lines were presented today by majority and minority members of the senate privileges and elections committee on the Ford-Newberry 1918 senatorial election contest from Michigan.

The majority report cleared Senator Truman H. Newberry, the Republican candidate, of corruption and all other charges, and recommended that he be legally seated. The Democratic members, on the contrary, asserted that Senator Newberry was elected by "corrupt and illegal methods and practices," and recommended that his seat be declared vacant.

With the filing of the reports the case now goes to the senate for final decision, which probably will not be made for several weeks. It is understood, however, that Senator Newberry will not attend the senate sessions.

Harmony in Two Issues.
On only two major issues were the Republicans and Democrats in harmony in the reports filed today. They agreed that Henry Ford, the Democratic contestant, had not been elected and was not entitled to the seat from Michigan. They also agreed that too much money had been spent in the Michigan primary. The Democrats, however, contained that Senator Newberry was responsible personally for the expenditures, while the Republicans held he was not.

Recommendations of the majority report, submitted by Senator Spencer, Republican, who conducted the committee investigation and recount were:

Majority Recommendations.
"That the contest of Henry Ford against Truman H. Newberry be, and it is hereby, dismissed."
"That Truman H. Newberry is hereby declared to be a duly elected senator from the state of Michigan for the term of six years commencing on the 4th day of March, 1919."

"That his qualification for a seat in the senate of the United States, to which he has been elected, has been conclusively established and the charges made against him in this proceeding, both as to his election and qualification, are not sustained."

Minority Conclusions.
"That the irregularities complained of do not relate to the general election, but to the primary. Henry Ford did not receive a plurality of the vote cast at the general election. We therefore find that the petitioner, Henry Ford, was not elected and is not entitled to a seat in the senate of the United States."

"We find that under the facts and circumstances of this case corrupt and illegal methods and practices were employed at the primary election, and that Truman H. Newberry violated the corrupt practices act and the primary act of the state of Michigan, and that by reason thereof he ought not to have or hold a seat in the senate of the United States and that he is not the duly elected senator from the state of Michigan for the term of six years, commencing on the 4th day of March, 1919, and we recommend, therefore, that his seat be declared vacant."

Separate Report.
A separate minority report also was submitted by Senator Ashurst, who declared Senator Newberry's credentials were "stained by fraud and tainted by illegal expenditures of money." The testimony showed, he said, that the 1918 Michigan campaign "partook more of the character of an auction than an election."

Claims of Mr. Ford to the Michigan seat were denied by both majority and minority members on the same grounds—that all charges against Senator Newberry related to the primary, and not the general election, and that it was established conclusively that the general election Senator Newberry had received a majority of the votes. Mr. Ford's charges of bribery, illegal voting, undue influence and intimidation of voters in the general election were declared by the majority to be without foundation.

**Rodesch Lost Case

The jury in the case of the Mironk Coal Company vs. R. A. Rodesch of this city, last yesterday afternoon brought in a verdict, finding for the plaintiff in the sum of \$367.75.

J. B. Asks Another Conference

CAN'T BE SENATOR

HENRY FORD.

Claims of Henry Ford, millionaire auto manufacturer and railroad owner, to a seat in the United States Senate were denied today in a report of the senate privileges and elections committee on the Ford-Newberry contest from Michigan. Republicans and Democrats on the committee agreed that charges against Newberry related to the primary and not the general election and that it was established conclusively that the general election Senator Newberry had received a majority of the votes. Ford's charges of bribery, illegal voting, undue influence and intimidation of voters in the general election were declared to be without foundation.

DARING ROBBERY OF MAIL CAR IN SOUTH REPORTED

**Masked Bandits Held
Up Santa Fe Train
in Oklahoma.**

BULLETIN.
Oklahoma City, Sept. 29.—A telegram was received today by postoffice officials here from Postmaster General Hays, authorizing the offering of a reward of \$20,000 for the capture of the bandits who held up train No. 5 of the Atchison, Topeka & Santa Fe railroad near here last night and robbed the mail car. The reward is in the form of \$5,000 for each of the men who participated in the robbery.

By Associated Press Leased Wire
Oklahoma City, Okla., Sept. 29.—Six masked men dressed in black and heavily armed boarded Santa Fe train number 5, southbound, three miles south of Edmond, Okla., about twelve miles north of here, at 12:20 a. m. this morning, forced the mail car clerks to throw off four pouches of mail and then disappeared into the dark with a parting injunction to trainmen to "beat it."

One bar of the mail is said by Santa Fe officials to have been registered. The train was bound from Kansas City to Galveston and was running one hour late. The passengers of the train were not molested.

The Santa Fe agent at Guthrie, near Edmond, reported the masked men forced the engineer to cut off the mail car and ordered the mail clerks to throw the registered mail pouch out of the car and then disappeared in automobiles.

A large posse of sheriffs and police from this city and Oklahoma county early today were scouring the country around Edmond.

ABANDONMENT OF SOVEREIGN PLEA DEMAND

**Lloyd George Invites
Another Conference
October 11th.**

BULLETIN
Dublin, Sept. 29.—(By the Associated Press)—The reply of prime minister Lloyd George to Eamon De Valera was received at the Mansion House here at 1:30 o'clock this afternoon. It was read by Mr. De Valera and Arthur Griffith, foreign minister in the Dail cabinet, who were there awaiting it. A reply may be drafted today and placed before the Dail cabinet, which will meet on Sept. 30.

The Sinn Fein leaders were agreeably surprised by the wording of Mr. Lloyd George's reply and one member of the Dail cabinet who saw it expressed the view that public confidence in the conference being held was justified. Forecasts in the newspapers had led the Republican leaders to believe that a section of the British cabinet had succeeded in securing the insertion of conditions which they must refuse. A Dail minister said this afternoon: "The reply certainly is better than we expected."

London, Sept. 29.—(By the Associated Press)—Prime Minister Lloyd George dispatched what was expected to be the British government's final note to Eamon De Valera relative to the holding a conference which would seek to find a basis for peace in Ireland. Before sending his final note to Dublin, the prime minister had received from members of his cabinet their views as to the text of the communication.

The communication was considered to be the British government's final word in the exchange of messages between London and Dublin.

Mr. Lloyd George informed Mr. De Valera, however, that the British government could not alter its fundamental position which was vital to the empire's existence. This position was that Ireland could not be allowed to separate from the British Empire, but must base her propositions upon self government as a member of the sisterhood of British dominions.

The invitation was extended in Mr. Lloyd George's reply to Eamon De Valera, dispatched from Gairloch, Scotland, the Prime Minister's temporary residence.

Renews Conference Offer.
Lloyd George, however, renewed the offer of a conference with a view to ascertaining how the association of Ireland with the community of nations known as the British Empire may best be reconciled with Irish national aspirations," proposing London as the place and October 11 as the date.

Mr. De Valera, it is pointed out here, has already agreed to confer on the question of the association of Ireland with the empire, but has reiterated the decision of the Dail Eireann that its negotiators would consider themselves representatives of an independent country. Since then, however, Arthur Griffith, who will be the chief negotiator for the Sinn Fein should the conference be held, has been quoted as declaring the Sinn Fein had never asked the British government to recognize the claim to Irish independence as a preliminary to a conference.

Thus the view held in some quarters here is that the Sinn Fein can now accept Mr. Lloyd George's invitation without abandoning its own standpoint.

TEXT OF ANSWER
Gairloch, Scotland, Sept. 29.—(By the Associated Press)—The text of Prime Minister Lloyd George's reply to the latest note from Eamon De Valera which was dispatched to Dublin early today, follows:

"Sir: His Majesty's government have given close and earnest consideration to the correspondence which has passed between us since their invitation to you to send delegates to a conference at Inverness."

"In spite of their sincere desire for peace and in spite of the more conciliatory tone of your latest communications they cannot enter into a conference upon the basis of this correspondence."

"Notwithstanding your personal assurance to the contrary which they much appreciate, it might be argued in the future that the acceptance of a conference on this basis had involved them in a recognition which no British government can afford. On this point they must guard themselves against any possible doubt. There is no change in their position."

SENATORS PLAN CLOTURE RULES TO HURRY WORK

**Hope to Prevent Ob-
structive Debate on
Measures.**

BULLETIN.
Washington, Sept. 29.—A general understanding was said to have been reached between Republican senators today to hold in abeyance, at least until after disposal of the tax bill and the peace treaties, the proposal for a new cloture rule to curb senate debate.

By Associated Press Leased Wire
Washington, Sept. 29.—Backed by assurances of non-interference from President Harding, Republican senators today renewed with fresh vigor their campaign for a new senate cloture rule to prevent filibustering and obstructive debate.

The principal immediate task before the group of Republicans advanced the change in senate procedure was said to be conversion of a few leaders, notably Senator Lodge of Massachusetts. The proposed new rule was meeting with such favor among the rank and file of Republicans, its sponsors said, that they hoped to secure pledges from a large majority of the Republican membership.

There is, however, a number of senators, including Senators Johnson of California, La Follette of Wisconsin and Borah of Idaho, who are opposed to the change. Their objections were said to be on the ground that restriction of debate by majority vote would deny a small minority the power to delay or defeat what they regarded as vicious measures. They were said to have emphasized that the new rule would have prevented the long debate and "campaign of education" on the Versailles treaty and almost blocked the successful filibuster of the "wifely twelve" against former President Wilson's armed ship bill. Proponents of the new rule, it was said, replied that with the possible exception of the armed ship measure, no important legislation in a decade had been actually beaten by objection.

President Harding's assent to the new cloture movement was reported to be grounded on the fact that the matter was one of senate rules, designed to expedite business, and a matter for the senate itself to determine. The president, it was understood, agreed to a "hand off" attitude although not opposing the plan.

ARBuckle ESCAPES TRIAL FOR MURDER; MANSLAUGHTER WRIT

**Judge Holds Evidence Does
Not Warrant Murder
Charge.**

By Associated Press Leased Wire
San Francisco, Sept. 29.—Roscoe C. Arbuckle is to be tried on a charge of manslaughter in connection with the death of Miss Virginia Rappe, film actress, within a few days if present plans of District Attorney Matthew Brady materialize.

A murder charge sworn out against Arbuckle by Mrs. Bambi Maude Delmont, companion of Miss Rappe at a party in Arbuckle's rooms at a hotel here, where the prosecution contends the girl suffered injuries which resulted in her death, yesterday was changed to manslaughter by Police Judge Sylvain J. Lazarus. The change came as a climax to a preliminary hearing which had been in progress nearly two weeks and evoked bitter comment from Mr. Brady.

Arbuckle gained his freedom shortly after the preliminary hearing was ended. He already had on deposit \$5,000 bail in connection with an indictment charging manslaughter returned against him in the same case by a county grand jury and this was transferred to cover the proceeding ruling on the charge.

On Mrs. Delmont's complaint. On the grand jury accusation he was placed "on his own cognizance" to return October 3. That date has been set sometime ago, but Mr. Brady announced today that, if he could, he would utilize it to bring Arbuckle to trial on the Delmont complaint as modified yesterday by Judge Lazarus.

Whether he would be able to have Arbuckle appear to answer to one complaint and then try him on another on the same date was not sure, he said, but declared he would try, since both complaints charge the same offense arising from the same circumstances. Brady's reason for this attempt, he stated, was that he wished to avoid furnishing the defense attorneys with a transcript of the evidence before the grand jury. The district attorney, in a long statement, declared that Judge Lazarus had accorded Arbuckle's case unusual treatment, and charged that "if Roscoe Arbuckle were unknown and unimportant he would have been held for murder and treated precisely the same as were other defendants of disrepute."

Mr. and Mrs. John Page and son, of Grand Detour, were shoppers in Dixon this morning.

Mrs. John Stover, of Nelson, spent Friday shopping in Chicago.

WHITE SLAVERY BEFORE LEAGUE ASSEMBLY TODAY

**Agreement for Punish-
ing Guilty Made
Stronger.**

Geneva, Sept. 29.—(By the Associated Press)—Recommendation that the assembly of the league of nations appeal to its members for credits to Russia will not be made by the Russian relief committee. It was announced here today. The matter of securing funds for Russia and the organization of relief measures will be left entirely to the conference to be held in Brussels soon and to welfare organizations.

The reason given for this decision by the committee was that various governments had found it impossible to open new credits at this time.

During the debate relative to the white slave convention, Mlle. Forehammer of Denmark pointed out that traffic in children was mentioned for the first time in this agreement. She said it modified and strengthened the convention of 1910 on the same subject.

The French delegation's objections which have been much commented upon, were not made because of opposition to the object of the proposed convention, Gabriel Hanotaux explained, but to the precipitancy with which it was sought to put the modified convention into effect.

A. J. Balfour of Great Britain defended the committee's decision to ask immediate signature. The British draft, he said, was based on a report from the white slave conference held in June. This project raises the age of consent to twenty years, reinforces the emigration and immigration regulations in this direction and provides greater facilities for the extradition of persons accused of white slave traffic.

Tonight's Big Night at Dixon Elks Club

EZRA REYNOLDS FACES BAR FOR DEATH OF WIFE

**Selection of Jury is
Slow; First Murder
Hearing.**

At noon today, but four jurors had been accepted and the entire panel of petit jurors was exhausted, in the trial of Ezra Reynolds of Paw Paw, who is charged with the murder of his wife. Judge Harry Edwards instructed Sheriff Frank Schoenholz at 11 o'clock, to secure 15 additional tallmen and have them present in the court room at 1:30 this afternoon.

Ten jurors were in the box at noon when Judge Edwards recessed court until 1:30. Of this number four had been accepted by both sides and sworn. The second four were being questioned and it was probable that two of them would be accepted.

With the panel exhausted and the sheriff securing 15 additional men for jury service, Judge Edwards excused those not serving until Monday afternoon at 1:30. The four who were accepted and sworn were:

John Salzman, Dixon.
Charles Pfeiffer, Ashton.
William Burkhon, Bradford.
Frank Gagetetter, Sublette.

Defendant's Throat Bandaged.
The defendant, Ezra Reynolds sat within the railing between his attorneys, Charles F. Preston of Paw Paw and H. A. Brooks of this city. The aged man was apparently cool and collected and wore a white bandage about his throat which is not entirely healed from the wound inflicted when he hacked it with a razor in an effort to take his own life, after he had been satisfied that his wife was dead.

The court room accommodated a small crowd this morning, the number being considerably increased with the opening of the afternoon session. A long list of witnesses for the defense swelled the crowd, the majority of those being residents of Paw Paw.

The trial is proceeding slowly and with precision. It was indicated by one of the attorneys for the defense that the trial would doubtless close tomorrow. It was expected that a verdict in the case before the close of the afternoon session.

The defense, while having a large number of witnesses, indicated that they expected to finish examination early tomorrow morning and expected a verdict in the case before the close of tomorrow afternoon's session.

**Strong Opponents
for Legion Eleven**
Manager Simmonds of the Dixon American Legion football organization today announced games with two strong teams to be played here next month. Sunday, Oct. 16 the Davenport Tigers will come to Dixon and meet the Legionnaires at Brown's Field and the Rockford Wolverines will be the attraction, Sunday, Oct. 23.

Dates with these two teams are now assured and Manager Simmonds has several other strong elevens in view, who have written and asked for open dates, whom he expects to sign in a few days.

WANDERER MUST HANG TOMORROW. SMALL DECREES

**Last Appeal of Mur-
derer of Wife and
Stranger Lost.**

By Associated Press Leased Wire
Springfield, Ill., Sept. 29.—Carl Wanderer will hang tomorrow. Governor Small today accepted the recommendation of the pardon board which was a refusal of clemency. The governor said:

"I am of the opinion that this is a case in which the Governor is not justified in interfering with the verdicts of the courts and I therefore accept the recommendation of the division of pardons and paroles."

Questions of law, evidence and sentiment were the lots, and the life of Carl Wanderer was the stake in the battle of wits at the statehouse today, where a decision by Gov. Small over conflicting opinions sealed the fate of the man condemned to die on the gallows tomorrow.

Captain Oscar Carlstrom, a member of the state tax commission and a delegate to the constitutional convention, with Captain Arthur Poorman, mayor of Marshall, Ill., cast the throw for Wanderer. Lloyd Heth, an assistant state's attorney of Cook county argued before the governor in favor of the prepared execution tomorrow morning.

Charles Wanderer, father of the man convicted of the murder of his wife, her unborn babe and "a ragged stranger," was a silent witness to the affair.

AN ENOCH ARDEN

By Associated Press Leased Wire
Chicago, Sept. 29.—John Forrest, reported killed in France during the World War, yesterday joined the ranks of Enoch Ardens when he applied before Judge Sabath for a divorce.

Forest's name was listed among those "killed in action." His pretty "widow" went east and later married again.

Forest, released from a hospital in France where he lay wounded, came home and then neighbors told him the truth. He went to Mount Vernon, N. Y., where his wife and her new husband live, coming back to Chicago without announcing himself. "She is happy," Forrest told Judge Sabath, "I wish her to remain so." The divorce was granted.

Today's Market Report (By Associated Press Leased Wire.)

Sharp Rally Near Close Helps Wheat; Corn at Low Mark

Chicago, Sept. 29.—Wheat continued to decline in price today, affected mainly by the seeming lack of any foreign demand of importance for shipments from this country. In this connection, estimates were current that Germany, Italy and France all had raised much greater wheat crops than last year. Reports of dullness in the flour trade at Minneapolis counted also as a bearish factor. Opening quotations which varied from 1/4¢ off to 1/4¢ advance, with Dec. 1.20 1/4@1.21 1/4, and May 1.24 1/4 to 1.25 1/4, were followed by material setback all around.

A sharp rally took place in the last half of the day as a result of persistent buying on the part of speculators who have been on the selling side of late. The close was strong 1¢ to 2 1/2¢ net higher, with Dec. 1.23 to 1.23 1/4 and May 1.27 1/4 to 1.27 3/4. Corn and oats went down grade with wheat, Sept. corn tumbling to the lowest level since 1906. After opening unchanged to 1/4¢ off, including Dec. at 49¢ to 50¢, the corn market continued to weaken. Oats started unchanged to 3/4¢ lower, Dec. 36 1/2 and then scored further losses.

Weakness in hog values had a depressing effect on provisions. Frost predictions had but little influence on corn as practically all of the crop has matured. The close was unsettled 1/2¢ net lower to 1/4¢ advance, with Dec. 50 to 50 1/2.

No Such Thing as Gravity Overseer Voliva Declares

By Associated Press Leased Wire. Zion, Ill., Sept. 29.—"There is no such thing as the 'law of gravitation,'" Wilbur Glenn Voliva, successor of Alexander Dowie and overseer of Zion, who recently proclaimed the world was flat and had no motion, last night in so many words disposed of Newton's theory that objects fall because they are pulled by gravity toward the center of the earth. "They write books on the 'law of gravitation,'" Voliva told his Wednesday night audience in Shiloh Tabernacle. "There is no such thing. It is a lot of bunk. How is it that the 'law of gravitation' can pull up a toy balloon and cannot pull up a brickbat? "I throw this book up. Why doesn't it go on up? That book went up as far as the force behind it forced it, and it fell because it was heavier than the air, and that is the only reason. I cut the string of a toy balloon. It rises, gets up to a certain height and then it begins to settle. I take this brickbat and a feather. I blow the feather. Yonder it goes. Finally it begins to settle and come down. The brickbat goes up as far as the force forces it up through the air and then it comes down, because it is heavier than the air. That is all."

Funeral of Lee Center Woman to Be Held Tomorrow

(Special to The Telegraph.) Amboy, Ill., Sept. 29.—Mrs. Lucy Magdalena Dunseth, wife of George Dunseth and daughter of Mr. and Mrs. John Ulrich, died at her home in Lee Center on Tuesday evening, at the age of 53 years. Funeral services will be held at the residence of John Ulrich at 1:30 and at the Congregational church at 2 o'clock Friday, Rev. Burrows of Amboy officiating, assisted by Rev. Dutton of Lee Center. Interment will be made in the Woodside cemetery at Lee Center. Her mother preceded her in death two years ago and she leaves her husband, four children, her father, John Ulrich, one sister, Mrs. Frank Starks of Dixon and one brother, Roy Ulrich of Lee Center, together with many near relatives and a host of friends who deplore the loss of this dear relative and friend.

Hinman to Publish Herald-Examiner

By Associated Press Leased Wire. Chicago, Sept. 29.—Election of George W. Hinman to be president of the Illinois Publishing and Printing Company, publishers of the Chicago Herald and Examiner, was announced today. He succeeds Roy D. Keelin, resigned. Mr. Hinman, who entered newspaper work with the New York Sun in 1906, was editor of the old Chicago Inter-Ocean for five years under Charles Yerkes, then purchased the paper and operated it for eight years finally selling to Herman Kohlsaat. After disposing of the paper, Mr. Hinman went to Ohio where he was president of Marietta College for four years. During the presidential campaign last year he was associated with the Republican publicity department at headquarters here in an advisory capacity. During the last few months he has been writing a column of business editorials for the commercial edition of the Herald-Examiner.

New York Judges to Decide Rent Amount

New York, Sept. 29.—With nearly 100,000 tenants and landlord cases already on the docket awaiting trial, justices of the Municipal court are looking forward to New York's annual moving day on October 1, with anything but good cheer. Indications are that countless thousands of apartment dwellers instead of taking the annual house to house hunt with their livers and penates will take a little trip to Municipal court.

Miners' Convention Facing Long Session

By Associated Press Leased Wire. Indianapolis, Ind., Sept. 29.—With the long factional fight over the Kansas strike cases out of the way, the convention of the United Mine Workers of America, settled down today for a long grind of work with so many questions awaiting settlement that the end of the convention was nowhere in sight. Work was resumed by the delegates taking up the recommendations of President John L. Lewis, with his report on the settlement of the 1919 nation-wide coal strike being the first item for consideration. In this strike the union met with opposition from the federal government which obtained an injunction resulting in the strike being ended.

Recover One Body from Sunken U-Boat

By Associated Press Leased Wire. Los Angeles, Sept. 29.—The body of Frank A. Spaulburg of Powers Lake, N. Dreffon, also of the crew, who was drowned in the sinking. Spaulburg's body was found on the floor of the bay, about ten feet from the engulfed submarine. Air was being pumped into the sunken submarine today and navy officials expected that it would be raised tomorrow.

Minnesota Tackle Fractures an Ankle

By Associated Press Leased Wire. Minneapolis, Sept. 28.—Vic Andriest, substitute tackle on the University of Minnesota football team, will be out of the game the rest of the year, through fracturing an ankle in practice yesterday afternoon. This is the first serious injury to a member of the squad this season. He had been out for university football for two years and was rated as one of the best substitutes for tackle position.

Manufacturers Meet to Discuss Problems

By Associated Press Leased Wire. Chicago, Sept. 29.—Taxes, transportation and new tariff legislation are among the matters scheduled for discussion at the sessions of the National conference of state manufacturers associations, which opened here today. One thousand manufacturers from eighteen states are attending the two day convention. William Butterworth of Moline, Ill., president of the national conference, in explaining the purpose of the meeting said that problems which must be settled before the country can enter an era of industrial prosperity are to be discussed. These problems include enactment of an American tariff bill with the American valuation plan of assessing import duties and early action on pending legislation with regard to taxes and transportation, he said. The conference's views on industrial conditions with recommendations for improvement will be sent to congress in resolutions to be adopted as voicing the sentiment of American industries, it is expected.

Mighty Babe Has Grip, Can't Play

By Associated Press Leased Wire. New York, Sept. 29.—Babe Ruth is confined to bed at his hotel here with an attack of grippe which will prevent him from playing with the New York Yankees against the Athletics at Philadelphia today, according to the New York Evening World. The heavy hitting Yankee is believed to have caught cold while motoring with his wife in his favorite roadster. Last night he complained of chills and fever and his physician, after summing two other doctors, ordered him to bed. Ruth's illness became known when he failed to join Manager Huggins and his teammates to board the train for Philadelphia. Mrs. Ruth, at her apartment confirmed the fact that her husband was suffering from an attack of grip, but said she expected he would be at the plate tomorrow for the second game of the Yankees' series with the Philadelphia Athletics. She added that Babe was suffering from nervous troubles.

Amendment to Tax Measure Appearing

By Associated Press Leased Wire. Washington, Sept. 29.—Retention of the corporation capital stock tax and repeal of all of the special taxes, such as those on brokers, proprietors of theatres, circuses, automobile bus lines, shooting galleries and the like is proposed in one of a series of amendments to the Republican tax revision bill offered today by Senator Simmons of North Carolina, on behalf of the Democratic members of the finance committee. The bill as reported to the senate proposes repeal of the corporation stock tax and retention of the other taxes. Other proposals offered by the minority provided for repeal of the freight and passenger transportation taxes and the \$2,000 exemption allowed to corporations, and that persons whose net income exceeded \$20,000 a year be not entitled to the normal exemptions allowed single men, married men and to heads of families on account of dependents.

Democrats Hope for Success of Meeting

By Associated Press Leased Wire. Washington, Sept. 29.—Senate Democrats at a conference today adopted a resolution expressing the hope "that the fullest measure of success attend the disarmament conference called by President Harding." The resolution which was offered by Senator Harrison of Mississippi and agreed to unanimously, declared the Democratic party was pledged to the people of reducing taxes through armament limitation and also expressed gratification over President Harding's choice of Senator Underwood of Alabama, Democratic leader, as a member of the American delegation.

Signs of Summer Abound in North

By Associated Press Leased Wire. Janesville, Wis., Sept. 29.—From all parts of this section of the state come reports of phenomena caused by the warm weather of September. Lilacs in bloom, apple trees in blossom, berries on the bushes and roses putting out new flowers are common, and winter wheat and rye, so far sown has shown a growth and color never remembered.

SENSATIONS FOLLOW SWIFTLY IN LIQUOR PROBES IN CHICAGO

Chicago, Sept. 29.—Investigation by federal authorities of liquor rings said to involve half of Chicago's 5000 policemen was being speeded up today following half a dozen sensational developments yesterday. These included the death of a woman while being questioned at the federal building, the finding of an alleged whiskey runner dead on a country road, the holdup of a freight train which was robbed of twenty cases of gin, the alleged confession of a police officer and the hunt for a "rum pirate" ship.

By Associated Press Leased Wire. Chicago, Sept. 29.—Investigation by federal authorities of liquor rings said to involve half of Chicago's 5000 policemen was being speeded up today following half a dozen sensational developments yesterday. These included the death of a woman while being questioned at the federal building, the finding of an alleged whiskey runner dead on a country road, the holdup of a freight train which was robbed of twenty cases of gin, the alleged confession of a police officer and the hunt for a "rum pirate" ship. Mrs. Rose Allen died a few minutes after questioning by an assistant district attorney regarding her connection with alleged extortion schemes. An investigation is being made to decide whether she committed suicide. Find Body Beside Auto. The body of Max. Lewis, alleged whiskey runner, was found beside an automobile said to contain liquor at Harvey, Ill. Authorities believe he had been murdered. Automobile bandits robbed a freight train of twenty cases of gin near Reading, Ill. A mile from the scene the truck burned and the bandits fled. Prohibition officers continued the search for a "rum ship," which it is believed tried to deliver liquor along the lake shore on Wednesday night. An investigation was also under way today concerning reports that several policemen implicated in liquor deals had last night constituted themselves a body of self-appointed Paul Reveres and warned saloonkeepers in various parts of the city to dispose of their stocks of goods.

First Bread Line in New York Since Before World War

By Associated Press Leased Wire. New York, Sept. 29.—New York's first bread line since the stormy days that marked the start of the world war, was in operation today at the church of St. Mark's in the Bowery. The bread line was opened last night under the direction of Dr. Wm. N. Guthrie, rector of the church, as a result of conferences last week with Urban Ledoux, champion of the unemployed. About 600 men, many of whom raced from the benches in Bryant Park to be first in line, were fed. A near riot at St. Mark's chapel preceded the dispensing of food. The men had gone to the chapel by mistake and it was with difficulty that they were persuaded they had come to the wrong place. Dormitories have been opened in the chapel and about 150 men slept there last night. Don't miss the GRAND BALL at Morrison, Thursday night, Sept. 29, 1921. Music by Melody Jazz Band of Davenport, Ia. Allowed But One Run in That Time; Fanned 48 Enemy Batsmen.

When he held Shabbona Park to four hits Sunday, shutting them out in a ten inning game, Beene, Lee Center's pitching ace completed a wonderfully fine season and established something of a record in the last thirty-four innings he pitched by allowing only one run and fourteen hits. In those 34 innings he struck out 48 men and issued but four passes while the last 18 innings were scoreless, not a man reaching third base. Lee Center won the game, 1 to 0 in the tenth, when Brasel singled and stole second. Gilbert worked Harvey for a walk and Shoemaker singled through the box, Brasel scoring the only run of the game on a wild throw home. Features of the game, aside from the great finish and Beene's wonderful pitching, were three sensational catches by L. Swayze of Shabbona Park, which robbed Lee Center of three bingles. DIXON DELPHIAN CHAPTER MEETING

The Dixon Delphian Chapter met in regular session Tuesday evening at 7:30 in Coppins school.

The meeting was called to order by the president, Mrs. McWethy, followed by roll call by Miss Martha Meppen, there being an attendance of twenty-one members and one visitor.

As there was no business to be considered, the lesson was begun, Mrs. Steele having charge of the program.

The lesson concerned Persia and Phoenicia, the following text reports being given by members of the chapter: The Story of Persia; contributions to modern culture; Syria, Phoenicia, Phoenician colonies and commerce and occupations and industries.

Mrs. Steele told two stories in connection with the lesson that were enjoyed, and Miss Pratt had several pictures; one of the different gods of worship, another of the Hall of Columns, the Temple of Karnak and still another of the Alphabet and Rosetta Stone. All these added greatly to the lesson.

Following the lesson Miss Ruth Chiverton assigned the topics for the next meeting which will be the second Tuesday in October at Coppins school. A motion was then made to adjourn. The Delphian chapter having been received it was signed by all charter members.

IF YOU ARE WELL BRED—

You will have the frozen dish which you serve between the meat and salad course of your formal dinner, put in the cups or glasses in the kitchen or pantry and brought to the table on a fessert plate on which a teaspoon has been placed.

You will have the salad which you serve with the game or meat course, brought to the table in a bowl and allow each guest to serve himself. Whether or not independent plates for the salad are put at the right of each service is a matter for your own decision. After the bowl has been passed each guest, it should be removed from the table.

You will make the first move to leave when you have been invited to dine with your fiancé, your brother, your husband or man friend, at the home of a friend. It is always the woman's privilege to set the time of departure.

RETURN FROM WEEK'S VISIT IN CHICAGO—

Mrs. Ed. Ortigleson and daughter, Margaret Nina, and Mrs. Emil Janssen have just returned from a week's visit in Chicago and Milwaukee. They visited Charles Ortigleson and wife at Milwaukee, Mr. Ortigleson being president of one of the large shoe factories in that city. They visited many places of interest, among them the large parks in Milwaukee. In Chicago four of the largest parks were visited and the Municipal Pier. They also enjoyed a trip to the Gardner Bros. Tea & Coffee store, in Chicago, one of the largest of its kind and thoroughly enjoyed their visit with Mrs. Ortigleson's parents, Mr. and Mrs. Gardner. The entire visit was one of great pleasure.

TO FREEPORT TO TELEPHONE OPERATORS' MEETING—

The genial manager of the Dixon Telephone company and a number of operators left this morning in two automobiles for Freeport to attend a meeting and convention or school of instruction for operators. These operators with their sunny "hello" voices and good nature have certainly endeared themselves to this office.

In the party were Manager Louis Pitcher, his trusty manager of the switchboard and wire chief, F. S. Coakley, and the following operators: Miss Sill, chief operator; Misses Eberle, Johnson, Baughman, Hogan, Fane, Hazel Fane, Shrader, Gorham.

MOTORED FROM ROCK ISLAND YESTERDAY—

Mr. and Mrs. Frank Wormell and Miss Mary McGrath motored here from Rock Island yesterday and visited at Appleton with Mr. and Mrs. George Coakley, and were accompanied home by Emmet McGrath who has returned from Pryor, Montana.

BLACK LACE IS STILL POPULAR—

A new costume is of black lace over an underslip of light green Mollie-O, the lace falling much longer than the slip. Bright blue flowers worn at the waist form a color contrast.

JAUNTY JACKETS OF FUR—

For street wear mole, otter and sable squirrel are employed to make short jackets or paletots, with the gathered neck extremely jaunty, forming a blouse mounted on a straight band molding the hips.

C. C. CIRCLE MEETS TODAY—

The C. C. Circle of the Christian church will meet Friday evening at 7:30 at the church, with Miss Tillie Rice as hostess. A large attendance is desired.

ANNUAL CONVENTION

W. C. T. U.—

The 28th annual convention of the Lee County W. C. T. U. was held in the Baptist church at Amboy Friday, Sept. 23rd.

The following women, members of the Dixon Union, were in attendance: Mesdames Strook, Hobbs, Missman, Morris, Mabey, Flister, Alice Missman, Thomson, Harned, Wood, Heckman, Carpenter, Floto, Swarts, Miss Morgan and Miss Graves.

Miss E. M. Kinney, county president, presided at all of the sessions.

Mrs. Mary Miller, conducted the devotional service at the morning session.

The Crusade Hymn was sung in unison. Gray gave the address of welcome, and Mrs. Thomson gave the response.

The afternoon session opened with prayer and song, led by Mrs. Strook, and Miss Vivian Graves very beautifully sang several hymns.

The president, Miss E. M. Kinney, spoke a few words of greeting. The substance of her talk referred to legislation. "But," she said, "legislation does not do the work alone, it can not be done wholly without the Divine guidance."

The address by Mrs. J. L. Frost on the subject of the "Bible in the Public Schools," was a most inspiring one. Mrs. E. J. Ellis, of Waukegan, also gave a very practical talk on "Civic Righteousness." Treading the old paths, was the keynote of her talk.

A large audience listened most attentively to these two splendid addresses. There were more men at these sessions than is usual.

Miss Ruth Leech, sang sweetly, "That Old Fashioned Mother of Mine." The evening service opened with the reading of Scripture by Rev. Burrows of Amboy, and a pleasing piano duet was rendered by Mrs. Ives and Mrs. Carpenter of Amboy.

Mrs. Ellis again addressed the meeting of the evening, and Miss Dyar of Amboy, gave an appropriate reading. The program closed with the singing of "America," in unison, and the benediction was offered by Rev. Petrie of Amboy.

The decorations on the altar at the church were very beautiful, and the ladies of Amboy served dinner and supper to the large audience, composed of delegates and visitors. The women of Amboy Union deserve great credit for their hospitality in serving all who were present. The Dixon Union hopes to be able to show them some like favor at some future gathering.

PRACTICAL CLUB MET TUESDAY—

The members of the Practical club held a well attended meeting Tuesday afternoon with Mrs. Homer Sennett. The Sennett home was decorated with ferns and flowers.

In the absence of the president, Mrs. W. J. Worsley and the senior vice president, Mrs. Keyes, Mrs. Fordham, past president, presided. Roll call was answered to with quotations.

Mrs. G. H. Luedeking read several articles from the "Mentor," the magazine the club is to use in its study this year. The articles were most interesting.

Mrs. Will Anderson gave the Current Events.

Victrola music was furnished by the hostess and delicious refreshments were served during the social period. The next meeting of the club will be Oct. 11, with Mrs. Charles Swim.

MRS. ONNEN DELIGHTFULLY ENTERTAINED—

Mrs. George Onnen delightfully entertained for the members of the Ladies' Circle of the G. A. R. friends, and the Comrades to the number of twenty-five in all, at her home yesterday afternoon on Fargo avenue.

The home was beautifully decorated with beautiful bouquets of cosmos. The afternoon was pleasantly spent in cards. Mrs. Onnen during the afternoon greatly pleased all with the rendition of several instrumental solos. Very tempting refreshments were served. After a most enjoyable afternoon the guests departed with happy memories.

RETURN FROM VISIT IN ROCK ISLAND—

Mr. and Mrs. William Stark and daughter, Lucile, have returned from a visit in Rock Island with Mrs. Ralph Devan, daughter of Mr. and Mrs. Stark.

SISTER MARY TELLS YOU HOW TO FIX 'EM

Oysters are good during months, the names of which contain an "r." They are wholesome during the summer months if fresh, but are not solid and are of rather poor flavor.

Oysters are easily digested. Eaten raw or in a plain stew they are excellent food for children and invalids.

When oysters are served raw they are usually left in half the shell or served in cocktail glasses. However, grapefruit shells or green peppers may be used very attractively. The oysters should be thoroughly chilled before serving.

Oysters on the Half Shell.

Allow six oysters for each person. Have the fish-market man open them. Arrange on a bed of crushed ice and serve with a quarter of a lemon on each plate. This is used as the sauce at a formal luncheon or dinner.

Oyster Cocktail.

Seven small raw oysters, 1 dessert-spoon tomato catsup, 1 teaspoon lemon juice, ¼ teaspoon grated horseradish, few grains salt, 1 teaspoon minced celery, paprika.

This rule is for individual cocktails. Wash, drain and chill oysters. Mix ingredients and chill thoroughly. Serve in cocktail glasses or green pepper cups on a bed of ice. While peppers are in season they are a happy choice. The sauce in this recipe makes an oyster cocktail less easily digested than oysters on the half-shell.

Plain Stew.

One pint oysters, 2 cups hot milk, 2 tablespoons butter, 1 tablespoon salt, few grains pepper.

Put oysters in a colander and pour over one cup water. Save this liquor. Pick over oysters. Heat liquor to the boiling point and strain through a cloth. Add oysters and cook until plump. Remove oysters and strain liquor again. Add butter, oysters, liquor, salt and pepper to hot milk and heat thoroughly but do not let boil. Serve at once.

THEN ADD NUTS.

BY SISTER MARY.

If the housekeeper who must buy her nuts will watch for sales and buy in a large quantity she will not find nuts too expensive to use. Many an otherwise uninteresting salad or dessert is improved if nuts are added. It pays to keep them shelled and ready to use, for often when most needed it takes too long to prepare them.

After shelling store nuts in a cool place in a comparatively tight container. They will keep for weeks.

Nuts are invaluable for dressing up a dinner for an unexpected guest. Sprinkle ground nuts over cup custards, add coarsely chopped nuts to shredded cabbage, add boiled chestnuts to any creamed vegetable.

Nut Ball Salad.

Two packages cream cheese or home-made cottage cheese, 2 tablespoons cream, ¼ cup ground nuts, shredded pimento or chopped green pepper, salt, paprika.

NEWS FROM DIXON

PHYSICAL WORK AT Y. M. C. A. TO START WITH VIM NEXT WEEK

Schedule for Gym Classes Has Been Completed By Director.

The physical department of the Dixon Y. M. C. A. will open for business for the fall and winter season Monday, Oct. 3 prepared for the most active and strenuous season in its history. The place has been all sleeked up from top to bottom with new paint—in fact we have painted everywhere, even to hands, face, clothes and hair. To tell the honest truth such a mean paint brush has been slung that the whole place shines like a celluloid collar. The gym walls have been dressed up with a coat of white and a base border of blue, the floor has been treated with oil and now looks like a regular place. The swimming pool has also been dolled up in white with trimmings of blue, the locker rooms and the showers were not forgotten and they too shine like a bald head in the sunshine.

Gym Class Schedules

As to Gym classes, there has been no radical change from the schedule of last year; but whenever new classes are needed they will be organized. From all indications all classes will start out with large enrollments and it is expected that all classes will before they have been going very long, break all previous records. The classes will follow the same general plan that has been in effect for the past two years and are so arranged that one can start at any time, but those who are off with the gun naturally have the advantage of those who straggle in later on in the season. It is hardly necessary to go into

details as to why everybody, regardless of age, sex or previous condition of servitude needs a certain amount of exercise and recreation—they all know and realize these needs, but many lack the required amount of pep, enthusiasm and ambition to get started. Too much procrastination. Too many are kidding themselves in believing they are too busy—haven't the time—don't need it. And some are just plain lazy. What's your classification? Any of the above, or have you a new one? Are you going to amble along at your present rate of speed, or will you 'step on 'er' and get out of the rut. You're the doctor. The schedule of physical department activities for the 1921-1922 season is as follows:
 Business Men Wed., Fri., Sat., 5:00.
 Seniors Tues., Thurs., 8:00.
 Intermediates Tues., Thurs., 7:00, Sat., 2:00.
 Junior A. Wed., 4:15; Sat., 10:15.
 Junior B. Tues., 4:15; Sat., 9:15.
 Ladies Days are the same as last year and they will open the season on Monday. Their classes are: High School Girls Monday 4:30; Business Girls, Monday 7:30.

DEPEW'S \$800
Chauncey M. Depew announces with
paradonable pride that he put \$100 in,
a bank sixty years ago, and left it
there, and that it amounts now to
\$800.
It is an impressive lesson in com-
pound interest, as well as in thrift
and self restraint. It is considered a
remarkable thing if a human being
multiplies himself by eight in his life-
time—that is, leaves that many chil-
dren. Money does it, as a matter of
course, without effort or trouble. All
that it asks is to be put in some good
bank and let alone.
One must confess to a natural cur-
iosity as to what Mr. Depew is going
to do with this accumulation. After
waiting for sixty years, he surely has
a right to spend it. Thrift itself is
nothing. It is the purpose that counts
and the real purpose back of any
saving or investment is its expendi-
ture for something the owner judges
to be of more value than transient in-
dulgence.

RIGHT?

A reader who signs himself Paul
Pry, sends this letter:
"Public Improvements should be
paid for by taxing only those who use
them. Cost of paving streets should
be borne entirely by drivers of autos,
trucks and wagons. Why should I
pay for pavement in front of my
house or elsewhere when I never use
it? People who don't own property
shouldn't be taxed to support fire de-
partments. The poor have nothing to
be stolen, so the rich should foot the
whole bill for police forces."

ADVANTAGE

Farmers may be getting low prices,
but they have one big advantage over
the rest of us.
The city chap pays 38 per cent of
his income for food and has to pay
income tax on the dollars that buy
the food.
But the farmer gets his food, rent
and often other living expenses be-
fore he begins reckoning his taxable
income.
Is that right? Ethically, no. For
practical purposes, yes. Too many are
concentrating in cities. They must
be gotten back to the land. For that
purpose, almost any form of bonus is
advisable.

NO "BLOC" GOVERNMENT

President Harding's stand against
the so-called "bloc" representing spe-
cial interests in the legislative branch
of the government is strictly in line
with the time-honored principle of
"equal justice for all, special privi-
leges for none." Party lines have
been ignored in the formation of
groups of legislators having a com-
mon sectional or industrial interest.
Thus we have the Pacific coast bloc,
the farmers' bloc, the manufactur-
ers' bloc, etc. President Harding
looks upon the movement as prej-
udicial to the welfare of the nation as
a whole, and is doing what he can to
discourage it. He declares that he
will not permit executive action to be
influenced in the slightest degree by
the recommendations of any of these
blocs.
This is a notable declaration of in-
dependence by the president, who
thus gives notice that he will act for
what he believes to be the best in-
terest of the nation as a whole not for
any one class or bloc.

NEW HIGHWAY CHIEF

The new superintendent of state
highways, Frank Sheets, is regarded
as one of the strong men of the road
building organization of the state. He
has grown up with the demands
on the service. His selection is a pro-
motion from the junior ranks. He is
a good public exponent of the state
program, being a versatile speaker.
He has had direction of affairs in one
of the important divisions of the
state. S. E. Bradt, who retires, has
been at the head from the time the
reorganization of the state road sys-
tem under the Tice law of 1913 went
into effect. Mr. Bradt has been uni-
versally respected. His retirement is
regretted in many quarters. Under

ery state of the union with the sin-
gle exception in the amount of per-
manent road building in 1920.

ADVENTURES OF THE TWINS
by Olive Roberts Burton

All this time Nancy and Nick were
tugging at the net in which they had
caught Tub Terrapin, and now they
started to swim away with him
through Billy Ocean, to hang the big
net back on the hooks on the pond
poles from which they had taken it.
But Cap'n Pennywinkle stopped them.
"Hold on, hold on, kiddies!" he
commanded, waving his stick. "I'll
have to hear more of Tub Terrapin's
story before I hurry him off where
Mr. Fisherman can get him. You're
ing him a favor."
"How could you do him a favor by
lying here like a ton of coal, right on
top of Spike Starfish?"
"Because Mr. Fisherman doesn't
like Spike," nodded Tubby. "And if
you'll take my word for it and let me
go, I'll come back in a month and
show you why."
Cap'n Pennywinkle was thoughtful.
Curly, the seahorse, spoke up. "Tell
him it's all right if he reports to us
every day, and if he doesn't block
the traffic any more."
"Very well!" replied the fairy po-
liceman. "So be it! Kiddles, let Tub
sell you for twenty-five dollars, as
you are very special. I believe they
serve you up at hotels with a rich
sauce and you are considered quite
delicious."
Tub shivered. "Yes," he admitted.

EVERETT TRUE

CONSERVATION

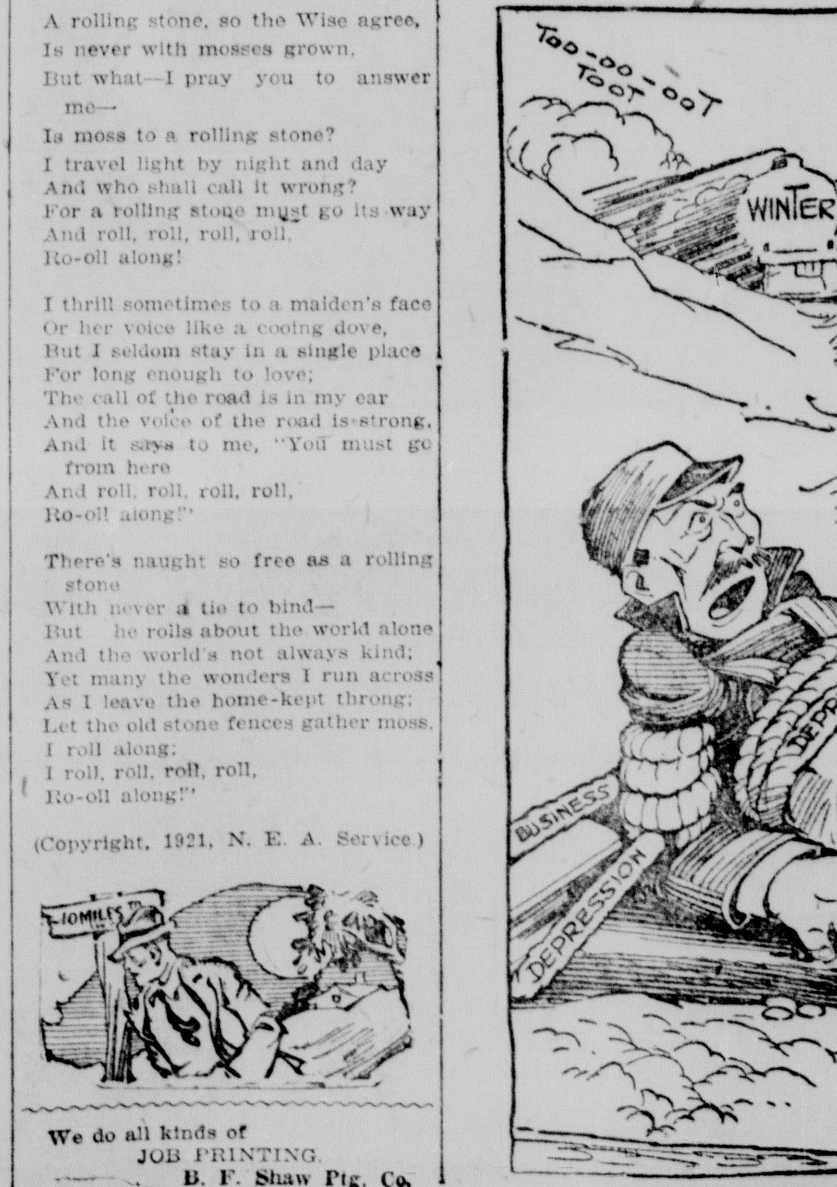

By DR. WM. E. BARTON.

Competition has forced men at the
head of nearly every business to take
up the sack and reduce the margin of
waste. Treatises are written show-
ing firms how to earn their entire divi-
dends out of what they formerly
wasted.
There are plans for the conserva-
tion of raw material and plans for the
conservation of the finished arti-
cle, and for its more economical
merchandising and the better utiliza-
tion of all the elements that enter
into production and distribution.
But what I should like to see would
be a better utilization of the human
factor in the investment.
I am convinced that many a man
could get twice as much productive
energy out of his own personality as
he now does if he knew how.
I do not advocate the working of
more hours, nor the forcing of the
human machine at higher gear. I
would rather reduce the hours of
labor and have the work done under
less nervous strain.
In the first place, I believe that
work done in the early morning is
the most productive work. If a man
will rise early, face the day's work
with calm assurance that he is equal
to the job, eat a light breakfast and
take up the big job while the mind
is fresh, the back of the day's work
may be broken before the middle of
the forenoon.
It is a mistake to begin the day
with little, trivial, fretting matters.
The hours of high courage and full
mental and physical vigor should be
sacred to the great tasks.
Then I believe a man should be-
lieve that the day is long enough and
that his own energy is sufficient to
give him a successful day. He
should use that day for all it is
worth.
God can take care of the world un-
til morning. It is His job.
No man is under obligation to take
the Atlas load upon his back and
bear it all day and all night.

Common Sense Ways to Keep Well
REGARDING KIDNEYS
BY R. H. BISHOP JR., M. D.

A pain in the back does not always
mean kidney trouble. Yet few people
pay any attention to their kidneys un-
til they get a pain in their back. Then
they wonder if it's the beginning of
"Bright's disease," of which so much
is heard and so little known.
Backache as a sign of "Bright's dis-
ease" is an untrustworthy one. In
many serious cases of this disease,
backache is not conspicuous. On the
other hand a person may have a se-
vere backache when no kidney trou-
ble is present. Backaches are often
due to a condition of the muscles, a
condition which plenty of rest will soon
mend.
Most of the kidney troubles are pain-
less and the finding of albumin in
the urine comes as a distinct surprise
to the person examined. Even this
finding does not always indicate kid-
ney disease, but is only the first sign
that one is not living right.
One should not neglect his kidneys
until such time as a backache or an
insurance examination brings the pos-
sibility of approaching troubles. Chil-
dren may be brought down by fatal
kidney disease if they are not cared
for properly after attacks of scarlet

Chapter LXI
TOM CARRIES ME HOME

When I dared look around and once
more had my bearings I discovered
ahead of me the lights of the city.
As we traveled they grew more
distinct. I had a feeling of safety.
I was in the back seat of a large
car and someone was there with me.
I did not try to discover who it was,
though there was something vaguely
familiar about the figure.
I lay still. I didn't want to talk
and evidently the person with me
thought I was unconscious or asleep.
I felt a firm hand on my shoulder and
another was steadying the leather
pillow against which I leaned.
At length I felt pavement under
the car. We were in the city. I
started to talk. I wanted to tell them
where to take me, but my voice was
gone. The car was rumbling along
and I contented myself with the
thought that they knew where to go.
The feeling of vagueness was return-
ing again and I felt that nothing mat-
tered very much.
I felt the car turning a corner. It
was going the right way. I wonder-
ed idly how they knew. The hand on
my shoulder strained a little more
tightly. It almost hurt, yet I did not
care.
Finally the car turned into a drive-
way. We were home! The hand on
my shoulder released its grip for just
a second and then I was lifted and
carried into the house, up the stairs
and to my own rooms. Did the arms
that held me draw more tightly for
just a second before they released me
to my wicker lounge? Was the face I
saw something like Tom's? whoever
it was, stopped a moment to talk to
someone else—it sounded like Tom's
voice, I thought. But I was tired. My
head hurt. I wanted only to rest.
Shortly someone was fussing with
my shoes, my clothing, my hands and
face and then mechanically I moved
over the floor to the softness of my
bed. How I loved it. It seemed sud-
denly to have taken on a new glory
and to be a very superior sort of
place.
I was disturbed once more when a
physician came and thumbed my
head and examined my scalp.
"No injury," I heard him say and
then—
With the first coming of day I
awakened. All of the hideousness of
the evening before rushed at me. I
was held, incapable of moving, in the
grip of a feeling, half fear and half
jealousy.
Presently Mrs. Ames appeared in
the doorway between our rooms.
"How do you feel?" she asked as
she neared my bed.
I tried to speak but my throat
seemed paralyzed.
She smiled.
"I think in spite of some of the bad
things which have happened to you
you must be under the care of a good
angel," she said; "do you know how
you reached home last night—who
brought you?"
With a weary movement I indicat-
ed that I didn't.
"It was Tom," Lila was still smil-
ing.

many cases.
When albumin is found in the urine
it is a "go slow" signal. Go slow on
heavy food, on stimulating drinks, on
overwork, on overplay. The great
safeguard is avoidance of overeating
and drinking, a moderate life with
plenty of fresh air and sleep. The
mind should also be kept calm and the
emotional system normal.

West Brooklyn, Ill.—Miss Ruby Johnson has returned to Pasadena, Cal., where she will resume her work of nursing after spending the summer with her mother, Mrs. Mary Johnson.

Many of our people motored to Mendota during the several days of the fair and enjoyed themselves.

E. E. Vincent has under construction a garage size 20x30 which he has been obliged to build owing to his over increasing trade in automobiles. He is erecting the building, which is of brick, on the east part of his lot and expects to have the building complete before cold weather.

Herman Knauer is able to be about again after a slight attack of pneumonia.

Mrs. Albert Barnickel was here from Mendota Friday and spent the afternoon with her many friends and neighbors.

H. N. Bowen was here from Rockford the latter part of the week on business in connection with the Bowen Machine Co. of which he is president.

Mr. and Mrs. Michael Barr motored to DeKalb the fore part of the week where they assisted in celebrating the arrival of a baby girl at the home of their daughter, Mr. and Mrs. Martin Donnelly.

Frank Delhotel and John Acker shelled and delivered to local market the crop of corn which they purchased at the A. K. Patterson sale last year.

Charles Longbein was over from the vicinity of Amboy Friday and informs us he has leased the Loan and Hayes farm west of town for the coming season.

Mrs. Otilia Wiser and grandson, Lester, were down from Dixon Monday and visited at the home of Julius Wiser for a few days. Mrs. Wiser is preparing to spend the winter in Omaha, Neb., and will leave in the near future.

George J. Thier was in town calling on his many friends and is glad to be out again after submitting to an operation.

Several workmen were busy Monday planting a flag pole at the new school from which mast a silk flag will float on every national holiday.

Clifford Hoggard has returned to the home of his parents at Dixon after spending the summer here at work on the W. A. Hallmaier farm.

The telephone company have a number of bearding cars here laden with workmen who are repairing the lines due to the sleet storm last spring.

Julius Henry returned to his home near Steward Saturday after completing his fall work on the Edwards farm which he recently purchased.

FORETHOUGHT OF TELEPHONE GIRL SAVE BANK FUND

Kept Her Head, Called
Townsmen While
Robbers Worked.

Eagle, Wis., Sept. 28.—The forethought of one frail girl, alone in the second story exchange of the telephone company here early this morning thwarted five safecrackers in an attempt to rifle the vaults and safety deposit boxes of the Bank of Eagle.

By reason of the girl's quick action \$50,000 of the bank's funds, of which between \$3,500 and \$9,800 was in currency, were saved.

Seventy of the townsmen armed with shotguns, rifles and revolvers, were routed out of bed by the quick thinking of the girl and laid siege to the bank wherein the five robbers were at work looting safety deposit boxes.

The robbers returning the fire of the townsmen, shot their way through the front door of the bank, ran half a mile to their secluded automobile, a heavy touring car, engaged in battle with a second posse which was coming up, and escaped.

Henry M. Lobl, president of the bank of Eagle, who, armed with a shotgun, engaged in the fight with the bandits, told the story this morning.

Bank President's Story.
"The bandits parked their car a half mile from the bank," he said, "arriving about 1 a. m. They pried open the front door of the bank after cutting the cables to the telephone exchange. They failed, however, to sever two private lines running out of the exchange."

"Miss Louise Breidenbach, the night telephone operator, hearing the noise, started to call for help, but found her switchboard 'dead.' Turning then to the private lines she got hold of Frank Jaken and told him of the attempt to rob the bank. Jaken went through the village rousing up the sleeping residents. About seventy men responded. Jerome Mealey was the first one to attract the attention of the robbers. He stuck his head through the door and yelled: 'Hey, what are you doing in there?' The safe crackers answered by a volley of shots and came running out through the front door, shooting as they came. I don't see how they got out alive for the door was full from top to bottom with bullet marks where the townsmen concentrated their fire."

Only twelve out of the eight-seven safety deposit boxes had been broken into. The valuables from these were taken. It is impossible to say what the total loss will be until the checking process is completed.

LICENSED TO WED.

The following marriage licenses have been issued: Oscar C. Olson and Miss Ruth M. Schultz, both of Maple Park; Henry E. Hillson and Miss Mildred M. Gleim, both of China township; Carlyle Gardner of Viola township and Miss Iva Rogers of Taskee Station, Mo.

HEADS VETERANS OF '98

New Salem Bank

Quincy, Ill., Sept. 28.—The New Salem, Ill., State Bank, southeast of here, was robbed early today by five bandits who blew the safe with eight charges of nitroglycerin and secured \$250 in silver and other valuables totaling nearly \$1,000. The safe was shattered and a box of money inside was blown to bits. The blast broke a bottle of formaldehyde, the fumes of which authorities believe, prevented further operations by the robbers. The bandits escaped.

Feminine fancy finds perfect expression in a new Autumn Printzess Suit

A GREAT fashion authority once said that a tailored suit is the basis of every well-dressed woman's wardrobe.

In these Printzess originations is embodied the subtle Parisian touch. In the skillful combination of fabric, color, decoration and detail of workmanship, lies their distinctiveness.

These tailleurs for Autumn show numerous interesting variations of design which provide styles for many types and needs, in women's and misses' sizes. There is a very interesting group of fur-trimmed models—a large variety of embroidered suits and coats—a distinctive collection of plainly tailored garments emphasizing beauty of line.

It is not only style distinction but the worth of Printzess fabrics and the excellence of Printzess tailoring that give to the wearer of a Printzess model the satisfied feeling of being well dressed.

You will be surprised to find that Printzess coats and suits are moderately priced, no higher than many garments of questionable value and infinitely more desirable.

We suggest that you make your selection early.

Woman Clerk Fired from Civil Service

Springfield, Ill., Sept. 28. — Miss Alice Lamb, filing clerk in the offices of the state civil service commission, was dismissed today on charges of allowing records of the commission to be taken out of the office. Miss Lamb, it was said, permitted Isadore Levin, ousted secretary, to take some of the records away for the purpose of photographing them.

"The records were returned by registered mail and many of them were pencil marked," said Chairman C. A. Purdum. "Any person has a right to look at the commission's records but it does not seem business like to have some person take them from the office and the building without authority. Miss Lamb admitted the charge."

In a statement Levin characterized Miss Lamb as a martyr to his cause of showing alleged irregularities of the commission.

Lee Co. Committee for U. of I. Stadium Drive to Be Named

Urbana, Ill.—Permanent organization in Lee county for the University of Illinois Memorial Stadium campaign will be effected within a few days when Robert Zupke, football coach, and Stadium executive chairman, announces the county committee appointments.

Several prominent alumni are under consideration for the county leadership. In addition, Zupke will name the following committees: General county, Ways and Means, Estimates and Publicity.

One captain will be named for every ten alumni in the county. At least \$1,500.00 is expected to be pledged in the nation-wide campaign, which opens Nov. 1, and concludes Nov. 5.

In the campus drive last spring students from Lee county pledged \$8625, an exceedingly high per capita average.

HOW TO INCREASE WEIGHT AND PUT ON SOLID STAY-THERE FLESH

What difference does it make to you how EVANS' TRIPLE PHOSPHATES puts good, solid, red-blooded, healthy flesh on your bones as long as it does it and makes you feel 100% better at the same time?

Evans' Triple Phosphates is something new and something that really does what is claimed for it. Start to take it today with each meal, and in four days you'll know that you are growing more robust and feel stronger and more active. Continue with the treatment faithfully for 10 days more and note with satisfaction that your nerves are growing more responsive; that your ambition does not lag but is cheerfully obedient to your wishes.

that a touch of color is appearing in your cheeks and that your occupation ceases to become a task and is a pleasure. Notice that never before in your whole life have you enjoyed living as you do today. Weigh yourself at the end of one month and let the scales tell the story.

Public Drug & Book Co. and all good druggists have agreed to supply thin, run-down, under-developed persons with the understanding that if one month's treatment doesn't give most gratifying results your money is waiting for you. But don't take it even though it accomplishes wonders in nervous digestive troubles and as a general nerve tonic, unless you really want to put on flesh and gain weight.

OPTIMISM FELT BY TWO LEADERS BUSINESS WORLD

Bedford and Wanamaker See Very Hopeful Signs.

New York, Sept. 28.—The speedy return of prosperity with plenty of work for all was predicted today by two notable figures in industrial and mercantile circles. Charles E. Bedford, president of the Vacuum Oil Co. and John Wanamaker, merchant of New York and Philadelphia.

"Business Revival Week." Mr. Wanamaker said, "I think will be expanded into a business revival of years and years. I have more faith in American today and more expectation for the future than at any time in my sixty years as a merchant."

"Instead of curtailing our advertising we are enlarging it. Instead of standing pat on our stores as they have been we are refitting, rearranging, rebuilding and improving them. To do this we have given employment to large bodies of mechanics and others day and night."

Bradford's View
 In Mr. Bradford's view conditions will be restored to normal by spring, barring unforeseen developments.

"It is my opinion," he said, "that American business men now have abundant cause to be optimistic and hopeful as to the future. Likewise, those who are engaged in relieving the unemployment situation may find the same reasons for a belief that it will be brought to normal before very long. Unless the central European or some unforeseen crisis intervenes there is every reason to believe that improvement will continue throughout the fall and winter months."

"The business of this country has been increasing right along for some time and we have been employing more men generally. I know also that such big employers as the Westinghouse Electric Companies have been approximately in the same position."

A treasury report says the average man has \$250 in the bank; but the report can't be verified.

PAINS IN SIDE AND BACK

Caused by Woman's Ills and Cured by Lydia E. Pinkham's Vegetable Compound

Grafton, Pa.—"I was troubled with inflammation and pains in my sides and back. After doctoring with different doctors and not getting relief, I had almost given up hopes when my sister told me of Lydia E. Pinkham's Vegetable Compound, and knowing that she had really been helped by it, I purchased it. I was unable to do my work at that time, but after taking several bottles of the Vegetable Compound I can now do anything about the house or farm that a woman should do. I have a four months old baby that is the healthiest and biggest baby for his age that I have ever seen, and I give Lydia E. Pinkham's Vegetable Compound all the praise for my health."—Mrs. BLAIR L. FISHER, R.D. 1, Box 37, Grafton, Pa.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this country is authorized to say to every rheumatic sufferer that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen points and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and persistent and where the patient was helpless.

Working early and late—lifting, carrying, and the heaviest of household duties—is it any wonder that it results in backaches and kindred ills. But every woman who suffers as Mrs. Fisher did should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a fair trial.

DISTRICT MEETING OF SUNDAY SCHOOLS IS HELD AT COMPTON

Brooklyn, Lee Center, Sublette Schools Are Represented.

Compton, Ill.—The annual Sunday School convention, representing the churches of Brooklyn, Lee Center and Sublette townships met at the Compton M. E. church last Sunday evening. Representatives from the various Sunday schools and congregations were present in such numbers that the spacious church was well packed. Mrs. Joe Nicholson of Lee Center, president of the township organization, occupied the chair and was assisted in the devotional exercises by the Rev. Dr. Dunton of the Congregational church.

gregational singing was enlivened by the Compton M. E. orchestra, composed of Misses Doris Cole, Ethelne Montavon, Myrtle Kreis and Messrs. Forrest Merriman and Wilder A. Richardson.

The primary purpose of the program was not so much to give an opportunity for discussing the business of the association as to present a very practical demonstration of the teaching function of the Sunday school. This purpose was accomplished to the delight and satisfaction of all. A demonstration class taught by Mrs. Thompson of the Compton High school proved conclusively to the appreciative audience the supreme value of the educational method in teaching religion. With the use of maps and blackboard Mrs. Thompson gave a convincing and delightful treat in the art of questioning. The class period concluded with outlining methods for the giving of assignments for the next session.

Two other phases of the Sunday School work were taken up by the Rev. M. D. Bayly, of the Compton M. E. church. In his first address the speaker dealt with the "Aims and Methods in the Church School." A very definite statement was made concerning the aims for the school in general and for each department in particular. Each department in early and later childhood was dealt with in a detailed manner. For each was outlined the immediate objectives as well as the methods of teaching and types of activity that were useful in their

attainment. In his second address the speaker dealt with "Supervision in the Church School" and defined functional supervision under three heads—sympathetic, co-operation, immediate diagnosis of existing conditions, and the unifying of effort on the part of the teaching forces. Proceeding from this point a searching analysis was made of the Sunday school with constructive suggestions for its most pressing problems. In concluding a strong appeal was made for more adequate provision for the church school.

Rev. Bayly made the appeal in his usual pleasing manner, yet forceful. In all that session was the most successful and was largely attended.

The subject for next Sunday morning's service in the M. E. church will be, "The Christian Pathway." In the evening, Rev. Bayly will speak of the Christian missions among the Moslems.

Mr. and Mrs. George Englehardt, of Cottage Hill, visited here Sunday. Roy Cook and wife and Harry Cook and wife were in Dixon Saturday.

Mrs. Maggie Krahenbuhl and children visited at the Henry Kehm home over the week-end.

A cafeteria supper will be served at the Methodist church Saturday.

Professor Sticks to Bride Refused Admission to U. S.

New York, Sept. 28.—Primitivo R. Sanjurjo, instructor in Spanish at Cornell University, was in voluntary detention at Ellis Island today with his young Spanish bride who has been denied admittance to the United States under the new immigration quota law.

Professor Sanjurjo, who returned with his bride from a vacation in Spain was informed that he could enter the country under a clause of the law which exempts professors, among others, from its provisions, but that Mrs. Sanjurjo could not enter as Spain's quota for the entire year, was filled. He refused to leave her.

An appeal for Mrs. Sanjurjo's admittance has been sent to the immigration department at Washington.
